Test pit location recording checklist	
Task	Tick when completed
Measure and draw map of area around your test pit with North marked.	<input type="checkbox"/>
Add written description of test-pit location	<input type="checkbox"/>

1. Make a measured, labelled plan of the unexcavated surface the test pit, showing where it is in relation to features such as houses, boundaries, roads, walls etc which are marked on your Ordnance Survey map. Include lines showing the exact distances from your test pit to permanently identifiable points nearby such as buildings or field corners. Show your test pit as a square with the corners numbered 1-4, to correlate with the numbers on each context plan in the **Context Record Sheets** in this **Record Booklet**.

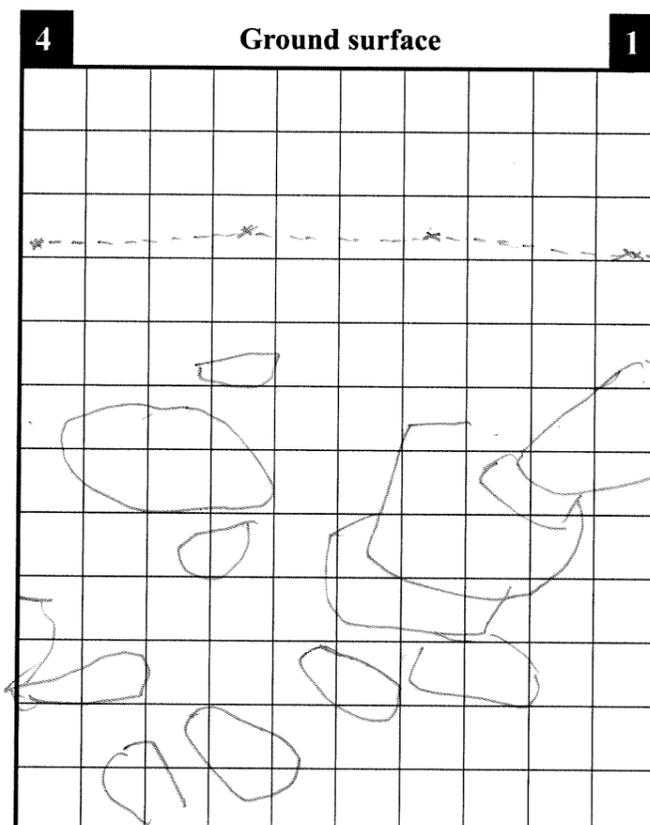

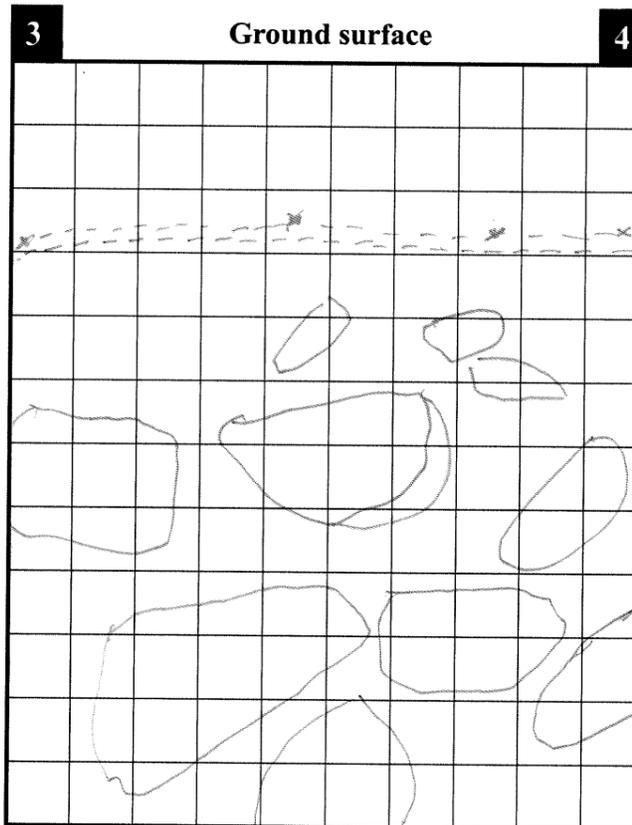

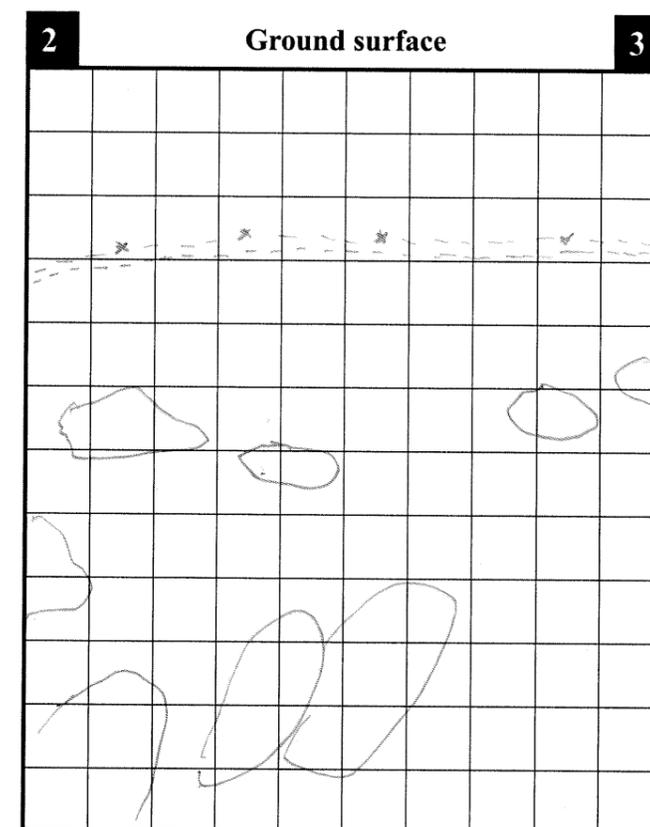

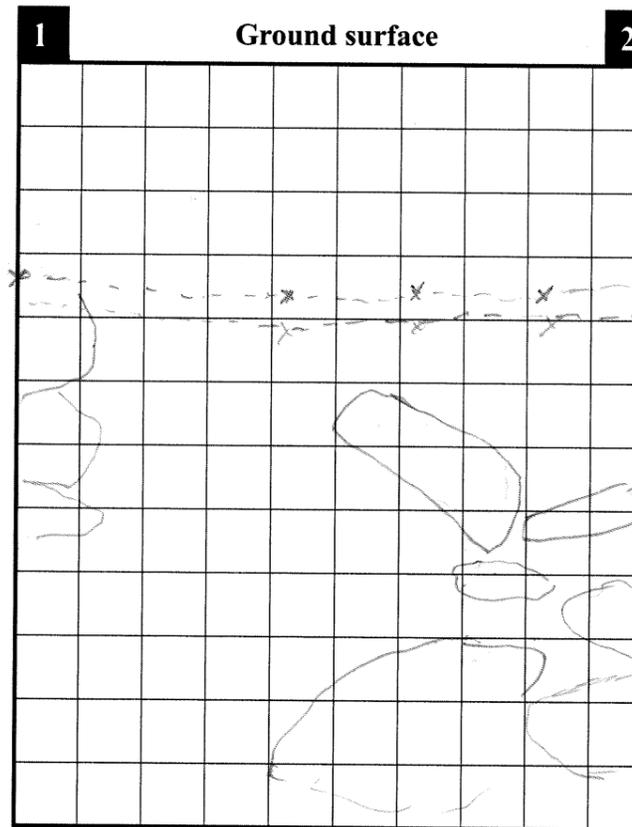

2. Draw an arrow here pointing in the direction of North on your map:

3. Describe where your test pit is, adding any notes which help explain this to someone who doesn't know your site:
 Walled area towards the back of Arkle Cottage garden.
 South of the cottage.
